

# Fresh Cappuccino

NEWCO

Our new Mini Dispenser fits next to your coffee brewer and creates a **BEVERAGE CENTER**.

Space saving compact *three select* design that will fit under most cabinets.

Automatic Cappuccino and speciality drink machine for your office and retail customers.

Auto rinse feature cleans out the whipper chambers so your beverage always tastes it's best.

Adjustable temperature and individual product strength controls that allow you to customize each selection to your personal taste profile.

**Expand your sales by offering a BEVERAGE CENTER.**

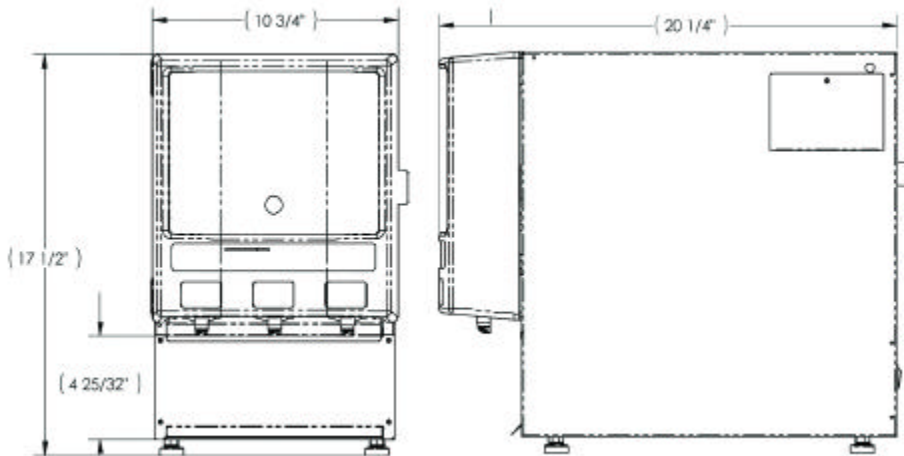

Paired with Keurig or Pod systems for mochas, lattes and French Vanilla Cappuccinos.

Programmable....single portion dispense or "push and hold" to use alone or as a whipped topper that can spice up a traditional cup of coffee.
